

To whom it may concern

We are pleased to write a Letter of Recommendation for **Rajdeep Das**.

We have known Rajdeep Das for about 1 year as he has taken up the position of Campus Ambassador for our organization GeeksforGeeks, representing his college. As part of Campus Ambassador Program at GeeksforGeeks, we have had an opportunity to observe his participation and interaction in the Campus Ambassadors community and to evaluate his knowledge and enthusiasm to work as a team with other Campus Ambassadors all over India.

He has proven that through hard work, follow through, and team work, he can accomplish tasks in a courteous and timely manner.

He has also contributed in technical articles which are published at our website. These articles prove valuable to many budding programmers. He eagerly worked with our team on many occasions and contributed to the success of events which are held under our organization. He is well equipped to grow from challenges that he is presented with. His team work, strong programming skills prepare him for whatever task he takes up.

We surely endorse Rajdeep Das for whatever position he takes up in the future.

Sincerely,

Sandeep Jain
